Washington, D. C., August 16.—A patrol of the California frontier by United States troops, abolished only a short time ago, was ordered re-established to-day by the War Department because of a threatened War Department because of a threatened situation just south of the border in lower California, Mexico. A company of cost artillery at San Diego, Sai, was instructed to take the field for patrol duty from San Carl C. Battige, 2603-East Marshall Street 1,338 to take the field for patrol duty from San Carl C. Battige, 2603-East Marshall Street 1,338

artillery at San Diego, Sal., was instructed to take the fold for paired duty from San Diego to Yuma, Ariz.

Mexican rurales are now proceeding to Tituan, traveling over American territory, with the consent of the United States government, for the purpose of suppressing the trouble in lower California. It is feared by the State Department that when the Mexican soldiers arrive on the scene to clear out the disturbers some of the fatter may seek refuge in the United States and commit depredations on American soil. For that reason Secretary Knox appealed to the War Department to send to the border a patrol adequate to protect American interests.

Just a Precaution.

San Diego, Cal., August 18.—The Mexican government is preparing to prevent trouble in lower California from now until after the presidential election in October, according to Dr. J. Diaz Prieto, Mexican Consul at San Dieso. Of the purpose of the United States government to send troops to the border he said:

"It is just a precaution being taken by the United States to prevent a repetition of the condition which existed in the late revolution. With the national election less than two months off the enemies of Mexico probably will make every effort to cause trouble.

probably will make every effort to cause trouble.

"The Mexican gunboat Guerrero is now at Manzanillo taking on soldlers, who will be brought to Ensenda and distributed throughout lower California.

"With the coming of American soldiers and warships we have no further foar of trouble from adventurers."
